***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance:

The prior art made of record does not teach or fairly suggest the combination of elements as recited in the following independent claim(s). Specifically the prior art does not teach:

wherein when the transient copy of the object in one client is accessed, any previously existing transient copy of the object in another client is unloaded from the cache of the other client.

The dependent claims being definite, further limiting and fully enabled by the specification are also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Examiner's Amendment***

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Claims 24 and 15 are cancelled

Authorization for this examiner's amendment was given in a telephone interview with Mr Jason S. Feldmar on November 18, 2005
